

Marvel Movie/TV-Series Timeline

Content information

This is a page that tries to keep the timelines in the MCU up to date. It combines more dates (and eventually more universes). Parts of the list is sorted by the content of Disney Plus "Chronological view"-list. The list has also for a while included references to the series.

Venomverse and Sony Spiderverse is still not included in this list. Neither are the Disney+ series.

Earth-616 Blog!

[MCU Blog Earth616](#) has just started up to report what's going on both here, and where it's necessary.

Things explained

Column D+, distributed via Disney Plus. Gets a  as soon as it is available (not until then). The movies will get "correct colours" referring to their respective phases when they are released. There are also links to each movie that has an imdb reference.

Color schemes are getting updated continuously depending on their release plans:

Phase 1 (Oldest release)
Phase 2
Phase 3 (Current)
Coming up next (All)
Coming after next (All)
Coming close to next year
Coming close in the end of next year
Far away from now
Unknown, rumoured or just a confirmed year
Released blacksheeps (Not directly MCU related)
Upcoming blacksheeps (Not directly MCU related)

Where's X-Men, Deadpool and the other guys?

They are either not connected properly to the MCU, or - referring to Disney+ (for X-Men) - a legacy. They may show up in the non-mcu related section in the future.
