## Contribute to Tornevall Networks

Tornevall Networks has the goal to be a free-of-use-platform, which means that we are developing as much as possible to be reachable from external third party sites. If you are interested in contribution to this site, feel free to join us!

You can also contribute with donations to us, for the survivals sake, since this is a non-profit-non-organisation. In that case, you may want to look at our [donation-page here](#).
