Content information

This is a page that tries to keep the timelines for Marvel movies up to date (it no longer only includes MCU specific movies). Parts of the list is sorted by the content of Disney Plus "Chronological view"-list. The list has also for a while included references to the series.

We've got an API!

If you want to automate your timeline updates, you can use Earth616's API. With this API, you can always keep track of movies, tv-series, seasons, which time and year the show takes place in MCU time, etc.

At <https://snapshot.earth616.org> a project is available that demonstrates the power of this API.

Read more about the API here: [Marvel MCU Timeline API](#).

Earth-616 Blog!

[MCU Blog Earth616](#) has just started up to report what's going on both here, and where it's necessary.

Timeline Labels

Column D+, distributed via Disney Plus. Gets a  as soon as it is available (not until then). The movies will get "correct colours" referring to their respective phases when they are released. There are also links to each movie that has an imdb reference.

Color schemes are getting updated continuously depending on their release plans:

Phase 1
Phase 2
Phase 3
Phase 4 (Current)
Phase 5 (Not yet colored)
Coming up next
Coming after next
Documentaries that isn't really belonging to a movie or tvseries
Coming close to next year

Upcoming MCU unrelated

Statuses

D+

Available at DisneyPlus

TV

TV-Mini series rather than movie (Only used when it's not obvious that it's about TV-series)

D+

Coming soon to Disney + (Deprecated, as it confuses what's on and what's no)

Where's X-Men, Deadpool and the other guys?

They are either not connected properly to the MCU, or - referring to Disney+ (for X-Men) - a legacy. They may show up in the non-mcu related section in the future.

The timeline

New Timeline Available!

Take look at our updated new [Timeline API](#) here!

The timeline and the MCU set up may be inaccurate until there are official confirmations for which Phase each movie or tv-series belong.

Look at the bottom of this page to get more information. We have collected some important videos there (from New Rockstars, etc).
